Prophet Orpheus

Coder Dino

You can add more `<p>` tags
to further describe Orpheus!

The screenshot shows the Glitch.com web editor interface. The browser address bar displays 'glitch.com'. The user profile 'bony-wind-glade' is visible in the top left, along with a 'Show' button and a search bar containing 'index.html'. A 'Sign In' button and a user icon are in the top right. The left sidebar contains a 'Share' button, a 'New File' button, and a file list with 'assets', 'README.md', and 'index.html' (selected). The main editor area shows the following HTML code:

```
1 <!DOCTYPE html>
2 <html>
3   <head>
4
5   </head>
6   <body>
7     <h1>
8       Prophet Orpheus
9     </h1>
10    <p>
11      Coder Dino
12    </p>
13  </body>
14 </html>
```

The right sidebar shows the rendered preview of the HTML, displaying the title 'Prophet Orpheus' and the text 'Coder Dino'.

Wew Lads

- ✦ **HTML** isn't as bad as it looks :)
- ✦ We should probably add an image of Orpheus too!
